EVERYONE!**

HEINZ HISTORY CENTER • SEPTEMBER 28TH

MESA'S 10TH ANNUAL TECHNOLOGY DAY HAS SOMETHING FOR EVERYBODY!

Hourly presentations on the current trends in the areas of design, managing design data and collaboration.

Continental Breakfast and Lunch will be provided, catered by the Common Plea.

All attendees also have access to the Heinz History Center and Western PA Sports Museum.

Prizes this year include:

- Admission to Autodesk University in Orlando this November
- Penguin and Pirate Tickets
- Autodesk and MESA-wear (wearable propaganda)
 - Books and other items from the History Center Store

Two separate breakout areas will give users hands-on time with **Inventor**, **Inventor Professional** and **AutoCAD Electrical**. These sessions (each about 30 minutes long) will include:

- Inventor Studio Basics
- Using VectraSteel for building steel structures
 - SPI for creating ducting and complex sheet metal transitions
- Inventor Modeling Best Practices
- Using Autodesk Vault to Auto-publish DWFs
 - Project file basics
- DesignSpace: defining supports and setting forces for best results.

Where: Heinz History Center
and Western PA Sports Museum
1212 Smallman Street, Pittsburgh, PA

When: Wednesday, September 28, 2005,
Registration & Continental
Breakfast Begin at 8 a.m.

To Register: Email at Events@mesa-cad.com or by phone at 888-301-6372
